sage Timeslips

Track your hours securely. Bill clients quickly. See profits grow—with Sage Timeslips 2016.

It's time to freshen up your software. Sage Timeslips is constantly evolving to better meet your business needs, and our 2016 software is designed to make time tracking manageable and stress-free.

Our goal is to help businesses like yours increase revenue and improve workflow efficiency. If you haven't looked at the latest Sage Timeslips release, here's what you've been missing:

- Access to award-winning features, like automatic time capture, web-based time and expense tracking, and more
- Flexible time and expense entry
- Intuitive bill generation
- Hundreds of preinstalled reports with simple design and customization.
- Complete accounts receivable and retainer/trust management
- Integration with major accounting software packages, including Sage 50 Accounting—U.S. Edition and QuickBooks

Also, for a limited time, get 20% off your entire purchase when you add a Sage Business Care plan. You'll have access to customer support, free online training classes,¹ and product enhancements and new features while you're enrolled—all

included with your purchase. In addition, you'll get Sage Timeslips 2017 for free when it is released.
